

# BEST BOSSSES IN FEDERAL IT

PRESENTED BY **FEDSCOOP** | **WORKSCOOP**

**MAY 12, 2021**

## **SPONSORSHIP - \$40K**

Good leadership is one of the most important facets of federal technology management. At the center of the most successful IT shops around government are tireless decision makers, striving to deliver on their agency's mission and serve the American public through technology. The **Best Bosses in Federal IT** List is sourced from community nominations and honors the CIOs, CTOs, CISOs and other technology leaders driving modernization and innovation around the federal government.
