AIWEEK

SNG LIVE

VIRTUAL SPEAKER SERIES

SNG Live Virtual Speaker Series during AIWeek

The SNG Live Virtual Speaker Series is an opportunity to hear perspectives from today's forward-thinking AI leaders. As we navigate these unprecedented times, technology's role has never been more important. During AIWeek, SNG will be hosting 3 virtual discussions with hand-selected IT decision makers and influencers covering such AI at both the federal and state and local levels.

- Participation in discussion (15 min w/ government official)
- Logo inclusion on signage/virtual platform
- Full reg list (100+)
- Inclusion in email and website promotion

ARTIFICIAL INTELLIGENCE | NOVEMBER 17

\$30K

The federal government is on the cusp of an artificial intelligence explosion. Many agencies are using AI applications in varying degrees, from basic backend automation of manual process to cloud-enabled solutions that bring new success to their missions. AI is also a major tool being used in the response to the coronavirus.

DATA AND MACHINE LEARNING – SLED | NOVEMBER 18

\$30K

Last year, the Trusted Internet Connections program got a welcomed update in TIC 3.0. The new model is meant to be more flexible in the age of the cloud, allowing agencies to pilot new use cases that can be approved for their unique needs. This SNG Live virtual session will highlight the latest in the development of TIC 3.0 and what's coming next for the model.

AI AND THE DOD | NOVEMBER 19

\$30K

As the U.S. military continues to compete for AI supremacy against China and Russia, many challenges and opportunities lie ahead. This SNG Live virtual session will look at the state of AI at the Department of Defense with a focus on the state of AI in the military today and the promise of AI in the future.
